Unmatched innovation

Why Dell accessories for Intel-powered business PCs.

Boost Productivity & Collaboration

48 months of battery life

Reduce interruptions with advanced wireless keyboard options offering up to 48-month battery life.³

80 hours of listening time

Collaborate and focus all day long with Dell Pro Premium wireless headsets offering the longest listening time at up to 80 hours.⁴

Ready for AI

Pair the world's most secure commercial AI PCs⁵ with select Dell keyboards, built to keep your data safe with advanced encryption using Dell Secure Link USB Reciever.⁶

Enable focused collaboration no matter how you work with the AI-enabled collaboration headsets.⁷

Superior image quality webcam with intelligent features, certified for Teams and Zoom, with select models offering presence sensing technology to support Microsoft Presence sensing for instant log on and privacy

Power of One

Industry's first holistic PC & peripheral management solutions that manage and customize the broadest range of PC accessory categories.⁸ Reducing complexity, improving efficiency and saving time.

1 A commissioned study conducted by Forrester on behalf of Dell Technologies, February 2023. The Total Economic Impact™ Of Dell Peripherals.
2 Based on internal analysis, Feb 2025.
3 Select Dell Keyboard and Mouse. Based on Dell analysis of battery life usage model calculations, Nov. 2025. Results vary depending on use, operating conditions and other factors.
4 Results may vary depending on use, operating conditions, and other factors. Based on Dell analysis (busy light and AI/No off mode) of battery life usage, January 2024.
5 Based on Dell internal analysis, October 2024. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. Validated by Principled Technologies. A comparison of security features, April 2024.
6 Applies to KVM900 via Dell Secure Link USB Receiver.
7 Based on internal analysis on commercial collaboration headsets with AI-enabled noise cancellation mics, Jan 2025.
8 Based on Dell internal analysis, December, 2024. Dell's solution was compared to the (4) known PC accessory management solutions from leading OEMs, finding that Logitech, and HP both support only (2) peripheral categories each. Lenovo supports (3) accessory categories and Jabra supports only (1). Dell offers the ability to manage and customize (8) PC accessory categories including a breadth of purpose-built Dell displays, docks, keyboards, mice, stylus, webcams, headsets, and speakers.

Unmatched innovation

The world's #1 monitor company¹

For the ultimate in resolutions & color performance, plus industry's best Exchange Service and warranty.

Why Dell monitors

Best in Eye Comfort²

Lead the industry with the highest TÜV 5-star eye comfort certification, enhancing workplace well-being.

Seamless Experience

Designed & tested for a seamless user experience with Dell systems.

Easy Management

End-to-end solutions including Dell Display and Peripheral management solution that customizes and manages the entire Dell PC ecosystem.

Reliability & Quality

Dell monitors offer a reliability rate of 99.6% uptime. Our commitment to quality and service is backed by industry's best 3-year Advanced Exchange Service and Premium Panel Exchange warranty.³

Designed for the AI-era

Extensive portfolio designed to enhance AI PC experience and boost productivity with larger displays, higher resolutions and future proof connectivity. When paired with Dell commercial AI PCs powered by Intel® Core™ Ultra processors, Dell monitors extend the workspace for AI-assisted creation, analysis, and collaboration.

Sustainability

Widest portfolio of EPEAT Climate certified monitors,⁴ and use of recycled and renewable materials, both in the product and packaging.

Dell Pro

Designed for everyday efficiency

Essential and reliable monitors that effortlessly connect with your PCs for business productivity.

Dell Pro P

Designed for enhanced productivity

Monitors packed with features for enhanced performance, connectivity and collaboration.

Dell UltraSharp

Designed for maximum performance

Design-forward monitors with cutting edge technology, delivering unparalleled color accuracy and the best eye-comfort solutions.

² Based on internal analysis of monitors with eye comfort features, August 2025.

³ Source: Based on Dell Quality Intelligence (QI) tool - Dell Internal Analysis, January 2025. 99.6% uptime rate reflects operational reliability, with 0.4% dispatch in the first year.

⁴ Based on EPEAT Climate+ Designations achieved by Product Type in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels by country. Data as available in September 2023.

Simplified Lifecycle Management with Dell and Intel

Optimize IT efficiency with seamless Dell-on-Dell integration. Simplify purchasing, deployment, and configuration with end-to-end solutions all from one trusted provider.

Product Experience

Seamless integration

Engineered for universal compatibility with Dell systems and designed to deliver an optimal user experience.

Industry leading warranty

Dell monitors and PC accessories feature an industry-leading limited hardware warranty and **3-years of advanced exchange service** – ensuring next-day replacement for devices across the PC.

Simplified manageability

Manage your PC ecosystem, locally or remotely, with Dell Display and Peripheral Manager (DDPM) – the most comprehensive peripheral management solution available, covering 8 accessory categories: displays, docks, keyboards, mice, styluses, webcams, headsets, and speakers – more than any competitor. On eligible Dell commercial PCs, Intel® vPro® provides complementary hardware-assisted security and remote manageability below the operating system, supporting remote fleet operations alongside Dell peripheral management.

24x7 support

Dell Pro Support Plus² is the only support offer with AI-powered driver recommendations to eliminate manual errors and ensure driver interoperability. Only support offer with 24x7 priority access to in-region technical support.²

Certified spare parts & power

Extend the PC lifecycle and performance with sustainable upgrades and repairs.

GaN Power Adapters – Smaller, lighter, and more efficient, these adapters leverage Gallium Nitride technology for a smarter charging experience.

Dell AR Assistant App – Step-by-step augmented reality guidance for common part replacements, helping simplify repairs and extend device life.

Explore Parts & Power eGuide

Flexible lifecycle solutions

Dell APEX PC as a Service unlocks capital so you can invest in AI-ready PCs, accessories, software and services with no upfront investment. Seamlessly deploy, secure, manage, support and responsibly retire devices as part of your subscription.

Order Experience

Single vendor purchase & management

Simplify implementation and refresh cycles with a single provider.

Try and buy

Evaluate different ecosystems before purchase with try and buy units.

Best-in-class supply chain

Enjoy efficient delivery through Dell's 16 manufacturing sites and 23 fulfilment centers, globally.

¹ Based on Dell internal analysis, December, 2024.
² Based on Dell analysis, January 2025, comparing top competitive commercial PC support options, excluding managed and DEX services. SupportAssist for Business PCs is included with the ProSupport Plus for PCs offer. Connection is required to take advantage of technology capabilities. 1500 system minimum is required for Technical CSM. A Technical CSM is a primary point of contact that engages with customers early and throughout the lifecycle of entitled devices, develops a tailored success plan and educates on technology and services. 2US and Canada only.

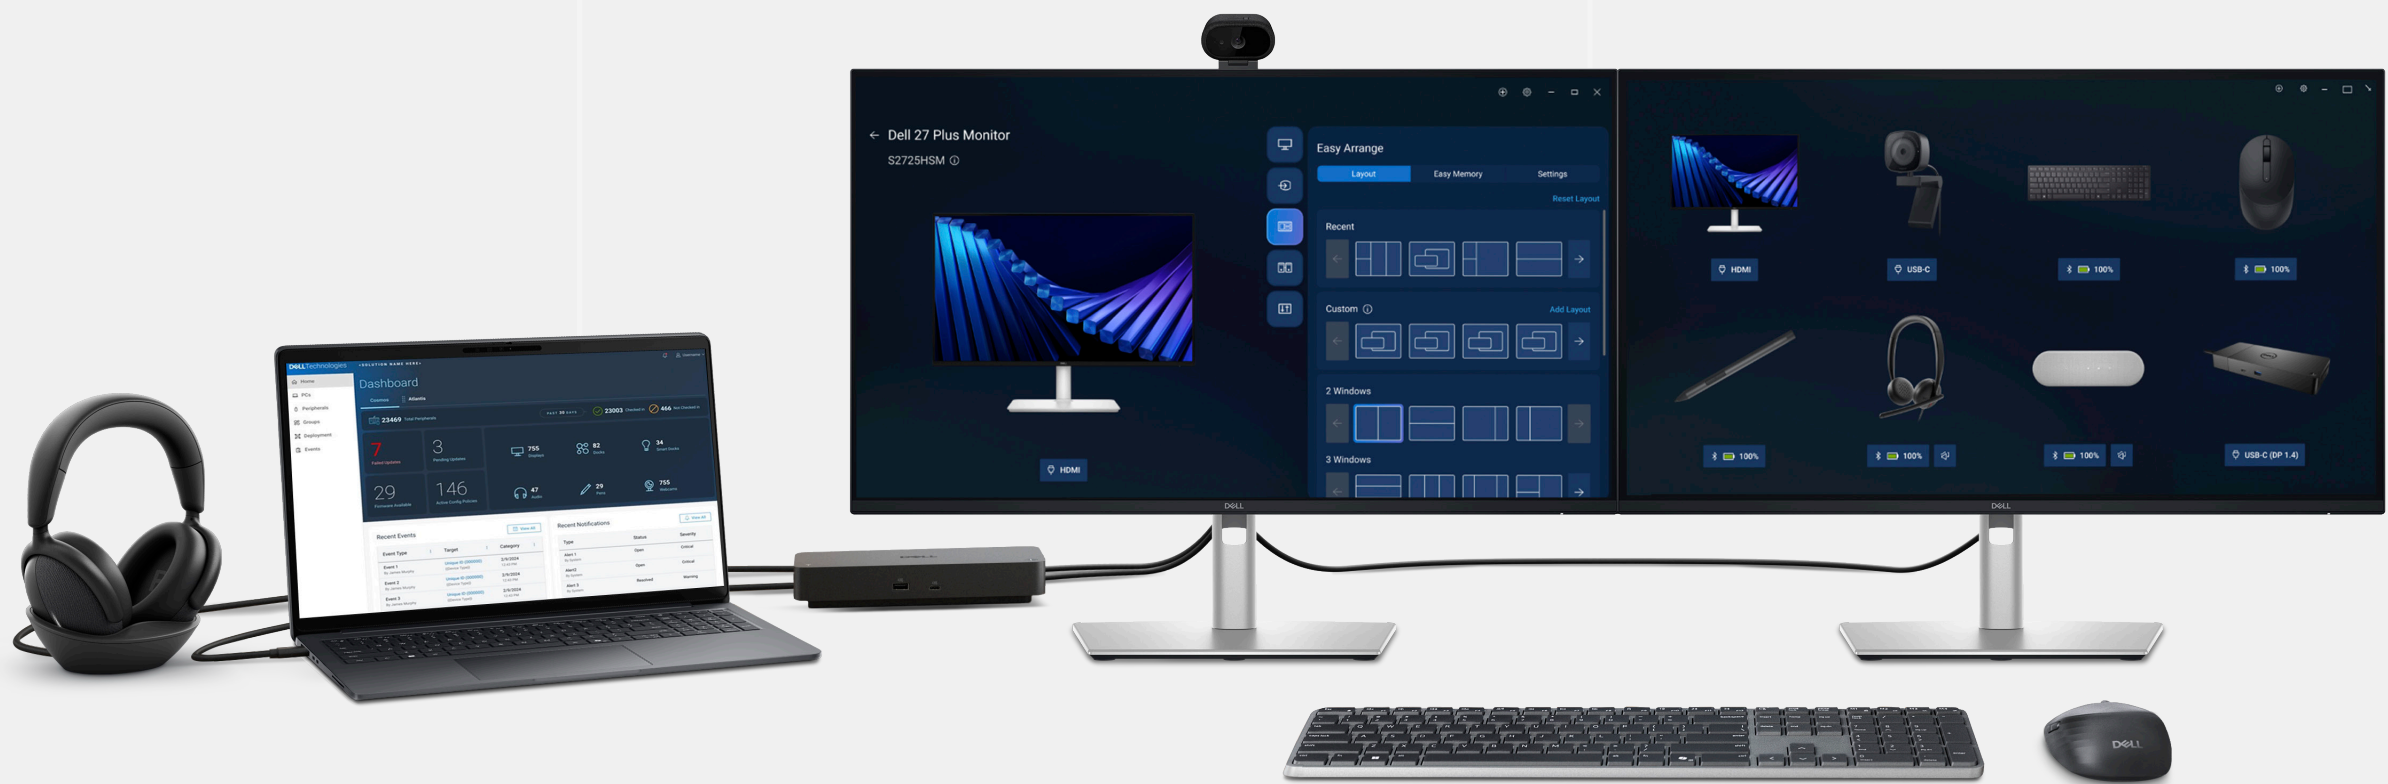

Simplified Peripheral Management

Manage the broadest range of PC accessory categories - locally or remotely - with ONE application

1

For end users

Dell Display and Peripheral Manager

ONE software to manage and customize the entire desk

Dell Display and Peripheral Manager (DDPM) enables end users and IT to effortlessly manage their Dell displays and PC accessories, boosting productivity, enhancing user experiences, and streamlining control through a user-friendly, simple interface.

Only Dell offers a single application to manage and customize the broadest range of PC accessory categories.¹

2

For IT

Dell Device Management Console

A unified Dell console to simplify client device and peripheral management at scale

Elevate the IT experience with fleetwide peripheral deployment, secure firmware updates, and insights for lifecycle planning, all with easy, centralized accessibility through the management console and Microsoft Intune.

Only Dell offers a holistic solution to manage your fleet of AI PCs and peripherals², delivering seamless and secure integration with leading management platforms such as Microsoft Intune and Azure. On Intel® vPro®-capable Dell PCs, Dell management tools and Microsoft Intune can work together with hardware-based manageability for a more unified approach to endpoint and peripheral operations. Subject to technical validation by configuration.

¹ Based on Dell internal analysis, December, 2024. Dell's solution was compared to the (4) known PC accessory management solutions from leading OEMs, finding that Logitech, and HP both support only (2) peripheral categories each, Lenovo supports (5) accessory categories and Jabra supports only (1). Dell offers the ability to manage and customize (8) PC accessory categories including a breadth of purpose-built Dell displays, docks, keyboards, mice, stylus, webcams, headsets, and speakers.
² Based on Dell internal analysis – November 2025. 'Solution' refers to a combination of Dell Management Portal's cloud-based PCs management capabilities & Dell Device Management Console's cloud-based peripherals management capabilities.

Sustainability across the PC ecosystem

96.4% of Dell’s packaging materials across the entire product portfolio are made from recycled and renewable materials.¹

Dell Technologies has the broadest portfolio of monitors registered, EPEAT Gold with Climate+, certified ENERGY STAR®, and certified TCO10 products in the industry.²

Power Savings

Dell AI PCs powered by Intel® Core™ Ultra processors and Dell PC accessories are up to 22% more energy-efficient when utilizing Microsoft Teams compared to previous generation workspace set-up.³

Material Innovation

Dell Monitors are industry leading in the use of 80% recycled steel,⁴ 95% post-consumer recycled plastic,⁵ and 100% recycled aluminum.⁶

Emissions Reporting

Dell provides Product Carbon Footprint reporting for select Dell Monitors and PC Accessories, which measures environmental impact across manufacturing, transportation, energy-use and end-of-life management. Access emissions reporting on [Dell.com](https://www.dell.com).

¹ These results were calculated using Higg MSI 3.6 available at app.worldly.io. They were calculated by Positive Scenarios Consulting, LLC and are not verified by Higg.
² Based on internal analysis, June 2026. Dell's portfolio of monitors includes more registered EPEAT, certified ENERGY STAR® and certified TCO10 across more product types than the competition. ENERGY STAR® certifications may vary by region and configuration. See www.energystar.gov/productfinder/ for certification status. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country. TCO Certification may vary by region and configuration. See www.tco-certified.com/productfinder/ for certification status.
³ Based on a Principled Technologies report commissioned by Dell Technologies, 'Improve user experience with a modern Dell laptop and peripherals setup', March 2026. Calculation is based on average consumed watts while idle and during a Teams call, comparing the Dell Pro 13 Premium (powered by Intel® Core™ Ultra 5 Processor 236V), Dell Pro Thunderbolt 4 Smart Dock (SD25TB4), Dell Pro Plus Wireless ANC Headset (WL5024) and Dell Pro Keyboard (KM726) against the Dell Latitude 9410, Dell Pro Thunderbolt 4 Smart Dock (WD25TB4), Dell Premier Wireless Active Noise Cancellation Headset (WL7022) and Dell Pro Keyboard (KB500). Results vary by workload and configuration.
⁴ 80% recycled steel in the monitor chassis. Based on internal analysis, June 2026
⁵ Up to 95% recycled plastic throughout the device. Based on internal analysis, June 2026
⁶ 100% recycled aluminum in the monitor stand. Based on internal analysis, June 2026
